

Shark Tank Worksheet

This is an optional worksheet. You can submit your big idea to Ms. Carla at cbarrows@elancolibrary.org

What is your invention/service?

You can draw or write it down below.

Shark Tank Worksheet

This is an optional worksheet. You can submit your big idea to Ms. Carla at cbarrows@elancolibrary.org

What do you need for your product? How much would it cost to create your product/service? Do some research and write it down below. Think about how much you would sell it for to make a profit.

What?

How much?

Shark Tank Worksheet

This is an optional worksheet. You can submit your big idea to Ms. Carla at cbarrows@elancolibrary.org

How much would you sell it for?

How many would you have to sell to make \$50?

How much to make 100? 200?

Sample

It costs \$5 to make my product. I'm going to sell it for \$7 dollars. $\$7 - \$5 = \$2$.

*To make \$50 dollars, I would divide 50 by 2, which equals 25.
To double check, you can multiply 25 by 2.*
